

# Einstein's Workshop: Summer 2020

## Workshop Class Contract

*Parents: Please read this with your students. Know that we will do our absolute best to make sure that kids are having a great time and that procedures to keep them safe feel natural and not stressful. The most important thing we can ask is that every student does their part.*

1. Face coverings which cover the mouth and nose must be worn **at all times**. Except when outdoors and maintaining social distancing and with the permission of the parent.

Yes. Student **may** remove face covering while outdoors

No. Student may **not** remove face covering while outdoors

2. Social Distancing must be maintained at all times between students, teachers, and desk staff. This can be hard sometimes, especially when you see your friends. We're sorry but you can **not** hug, shake hands, high five or touch your friends right now.
3. Wash your hands with soap and water for 20 seconds frequently. You should do this when you enter the building, before and after breaks, before you leave, after you use the bathroom, and any other time you feel it is a good idea!
4. If you feel sick you must tell your teacher right away.
5. You must listen to your teacher and be on your best behavior. We will be helping you to have a lot of fun, but to do so safely means that everyone has to work together!
